Preparations for the Durban Review Conference

OP2 of the draft resolution on preparations for the Durban Review Conference seeks to address the issue of the outcome of the Durban Review Conference. In our view, the appropriate framework to address the issue of outcome is the PrepCom which was established pursuant to HRC resolution 3/2 of December 8, 2006. We ~~will~~ <sup>have</sup> supported the text based on our understanding that the issue of outcome of the Durban Review Conference will be addressed in the substantive ~~or~~ session of the Durban Prepcom scheduled to be held in 2008.

Thank you.
