

Mr. President,

My delegations is ~~concerned with the reports of the politicized~~ country-specific resolutions, ~~such as this~~ ~~resulting from~~

~~Subsequent~~ In the view of my delegation, these country-specific resolutions and reports run counter to the better promotion of human rights through the engagement of all parties concerned in the useful and constructive dialogue and cooperation. Furthermore, they will inevitably lead to the division and distrust amongst states.

Now that the Council has been established, it is high time we have to look at what's gone wrong with regard to the country-specific resolutions and reports in the Commission and rectify them, ~~and in the~~ ~~United Nations~~

Regarding the report on Cuba before us, my delegation is concerned with the purpose pursued by this report.

~~Special~~ ~~as~~ ~~in~~ ~~the~~ ~~case~~ ~~of~~ ~~previous~~ ~~reports~~ ~~on~~ ~~Cuba~~, we have been very much concerned at the failure of this report to ~~urge~~ ~~the~~ ~~United~~ ~~States~~ ~~to~~ ~~withdraw~~ its decades-long economic embargo and blockade as well as ~~constant~~ military threats as these are the main factors contributing to the difficulties in the enjoyment by Cuban people of their human rights.

Thank you.
